

Bronze Arts Award

Part D: arts skills share

Plan

Name:

Date:

Describe your arts skills share activity:

Why have you chosen this activity?

Who are you going to share your arts skills with? What will you need to think about to ensure it happens successfully?

What do you want the people taking part to know/understand by the end of your arts skills share?

What will you do? (Tip: you could write a step-by-step plan including, for example, who you will work with, what practice you will do, and how you will make it interesting)

What practical things do you need to organise? (Eg equipment and materials, a suitable space, timings)

How will you collect evidence of doing your arts skills share?

How will you know if your arts skills share has gone well?

How will you collect feedback on how it went?

Next stage: do your arts skills share and record this in some way, for example via photographs or video.
