

Gold Arts Award

Unit 1 Part B: Career development opportunities in the arts

Get involved

The purpose of this worksheet is to help you to identify and take part in practical development activities within the wider arts sector.

What careers and arts activities are you interested in finding out about?

What opportunities to participate in the arts did you find out about?

What sources of information were useful in informing your research?

Describe what volunteering, placement or training you took part in, and what activities you did.

How did these practical experiences support your learning and arts development?

What information about further education or career options did you gather from practitioners leading volunteering, placement or training opportunities?

What feedback did you get from any practitioners / organisations you worked with?

How did your experience impact on your own career development?
